Report of Principal and School Improvement Council

Once again, in 2011, Moultrie Middle School has earned the Palmetto Gold Award for Student Performance and Excellent Absolute and Growth ratings. With a rich tradition of excellence in academics, athletics, and arts, our goal is to help all students reach their full potential. We raise the academic bar to ensure student learning at the highest levels and are to prepare them for the rigors of high school and beyond. Middle school is an exciting time in a young person's life. While we hold high expectations for student achievement, we also nurture our students and ensure they enjoy school. This year, a greater sense of family and community was fostered through teaming, in which teams of four teachers teach the core classes of English, math, science, and social studies and students continue to take exploratory classes. Many students take courses for high school credit such as Algebra 1, Spanish 1, Keyboarding, and Computer Applications. This team approach is research-based and has proven to not only increase student achievement but enhance the sense of community and belonging in school.

Continuing with the tradition of excellence, students took highest ratings in local, state, and national fine arts venues including Art, Band, Chorus, and Orchestra. Students also took part in National History Day, Invention Convention, the National Geography Bee, and numerous other scholastic events. Strong partnerships with the community are vital to our success and we work with over 50 partners including the Town of Mt. Pleasant, East Cooper Medical Center, and the SC Ports Authority. Through grants, Lowe's, Whole Foods, Women in Charge and Project Indigo have enabled students to cultivate a love of the outdoors, gardening, and understanding the scientific world. Moultrie students worked side by side with local aeronautical engineers to design aircraft and better understand math and physics. Kayaking, trips to Capers Island, and building oyster reefs, are just a few of the projects undertaken by 6th graders. 7th graders traveled to Camp Greenville and worked with the Sewee Center to learn about the world and 8th grade students ended the year in our nation's capital studying history and visiting sites throughout Washington, D.C. This sort of rigorous real-world learning is common at Moultrie Middle School.

In addition to academic pursuits, our students are constantly involved in service projects and giving back to the community. Students supported causes such as Toys for Tots, Music and Equine Therapy, Mission for Megan, Race for the Cure, Troop Care packages, Juvenile Diabetes, The American Heart Association and the Moultrie Angel Fund. This year we also hosted our first annual 5K Fun Run and Walk through the Old Village and participated in the SC Walk to School Day event. These community wellness events were great fun and fitness for our students, staff, and families. Student Council and Beta Club students participated in Tricounty Youth Service Day and plans are already underway for next year's events.

Home of the 2012 CCSD Teacher of the Year, Nancy Dabit, SC School Nurse of the Year, Nancy Baker, and Southeast Coach of the Year, Shilo Tisdale, Moultrie Middle School continues to exemplify excellence and educates all students at the highest levels. We look forward to continuing this tradition for years to come.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
